These are a New Make and are Sure to Catch that Mouse.

**Goddard's Hardware**  
Next Blairmore Pharmacy Phone 15, Blairmore

## VICTORIA DAY CELEBRATION AT BELLEVUE

The committee working on the Bellevue May celebration reports splendid progress for the big day, May 25th.

Hundreds of tickets, for admission to the grounds, have been sold by the May Queen contestants, and the competition will gain in interest as the closing time, noon, May 23rd, approaches, at that time the Queen-elect will be made known.

Each admission ticket sold adds ten votes for any one of the six nominees. So, vote today, one ticket may be important in the selecting of the May Queen.

Added ground attractions this year will serve to make the celebration the best of its kind.

The big amateur contest, arranged for all Pass talent will be held at 8 p.m., at Bellevue. The first 40 names accepted. Apply to Mr. W. Kerr, Bellevue.

Remember, it's for a good cause!

## GUIDE NEWS

In observance of Empire Day, May 24th, the 1st Blairmore Co. Girl Guides at their regular meeting on Friday, May 22nd, besides their regular Guide work, will make a study of the life of Queen Victoria the Good, emphasizing some of her many characteristics, such as kindness, fair-play, loyalty and pure living, which are typical of an A-1 Guide.

On Saturday, May 23rd, they will sponsor an Empire Tea and Sale of Home Cooking in the Anglican hall, from 3 to 6 p.m., at which the draw for the cutwork cloth, hand-worked cushion and doll will take place. The proceeds will be used for their camp fund.

In observing Queen Victoria's birthday, Sunday, May 24th, the Guides will attend divine services in the local churches on that day.

## REV. H. G. BEVAN TO RETURN TO COLEMAN

By a vote of the congregation of St. Paul's United church at Coleman, Rev. H. G. Bevan, of Mannville, was selected to fill the vacancy caused by the resignation of Rev. Roy C. Taylor, M.L.A., to take effect June the 1st. Others balloted on were Rev. Harry Peters, of Granum, and Rev. Mr. Hoskin, of Stavelly.

Rev. Bevan filled the pastorate at Coleman for four years, being succeeded by Rev. A. E. Larke, now of Blairmore, and subsequently by Rev. Roy Taylor. He left Coleman in June of 1930.

## LETHBRIDGE ADJUDICATOR PRAISES BLAIRMORE BOY

George Kerr, sixteen-year-old Blairmore violinist, was awarded first place in the senior violin class and won the praise of "exceedingly pleasant" from Harold Gregson, adjudicator of the Lethbridge District Music Festival on Wednesday. Mr. Gregson predicted a career for George, providing he received correct training from now on.

Other local winners included Helen Gregory, Hillcrest, second in preliminary violin; George Oliver, Blairmore, first, and Lorna Langin, Pincher Creek, second in primary violin; Georgeotte Dau, Blairmore, first in junior piano; Lawrence Fisher, Hillcrest, first in junior violin; Jean Oliver, Blairmore, second in primary piano; Frank Hosok, Hillcrest, second in intermediate violin; Freda Antrobus and Lorna Hales, Blairmore, first in intermediate piano duet; Freda Antrobus, Coleman, first, and Lorna Hales, Blairmore, second in intermediate piano.

Misses Antrobus and Hales were among those heard on the air via CJOJ on Wednesday night.

The Lethbridge festival concluded last night with a specially arranged concert, at which Mr. Gregson was heard on the memorial organ in Liszt's symphonic poem "Les Preludes." Mr. W. H. Moser and Miss M. Chardon, teachers, accompanied their pupils to Lethbridge and are to be congratulated upon the results.

## GOLF! GOLF!!

On Saturday there were twelve players in the ladies' competition. The results of the afternoon's play was Miss L. Fraser winning with a score of 37 for the 9 holes, giving her one win in the yearly prize competition. The next competition will be held tomorrow, eighteen holes. This is also a yearly prize competition. All ladies are asked to turn out, as there will be no phone calls to inform them as in former years.

The results of the Pattinson Cup competition are as follows: 1. Hayson, first, with a gross score of 91 for the 18 holes, handicap 27; net 64; George Thornton was next with a gross score of 87, handicap 18, net 69. The low eight who qualify for the play downs are 1. Hayson, versus G. Cruickshank, C. Emmerson versus Bob Cruickshank, Jack McPhail versus George Thornton, W. Kerr versus Jack Kerr.

The men are going to Fernie on Sunday to play on inter-club matches. Cars will be leaving at 8 a.m. Please get in touch with R. Large and arrange for your transportation.

The next competition in the mixed foursomes will be held on Wednesday next, the 20th, at 2.30 p.m. sharp. Enter your names on the entry form in the club house. Please remember to be there before starting time, as no draw will be made until the committee know who are wishing to play.

## GROVELLING FOR BUSINESS

This business of a newspaper being an "organ" of any kind is the bunk. A newspaper which is an "organ" plays a one-string fiddle. (Pardon the mixed metaphor).

Bob Edwards, now dead for some years, but who once brilliantly edited the Calgary Eye Opener, made a suggestion in his own inimitable way when the Conservative Government at Ottawa had taken over the C.N.R. He suggested that no Liberals be carried in C.N.R. trains. He wouldn't even let them on the platform.

That's carrying the political idea through to its logical conclusion. Well, the Hanna Herald is not going to be an organ for anything or anybody. We'll play our own tune or none at all.

What the country needs is fewer

## MINERS' DELEGATES IN CONVENTION AT CALGARY

Representing some seven thousand miners in Alberta and eastern British Columbia, representatives of thirty-five locals in session at Calgary on Tuesday voted in favor of amalgamation under the banner of the United Mine Workers of America.

Robert Liyett, of Calgary, who is president of District 18, U.M.W. of A., has left for Washington to confer with John L. Lewis, the international president. Upon Liyett's return, a referendum of the workers will likely be taken for approval of the amalgamation plan.

Represented at the conference were delegates from the United Mine Workers of America, the Mine Workers' Union of Canada and a number of smaller independent unions.

Up to 1920, all miners in the province belonged to the United Mine Workers of America. Sherman, Powell and Stubbs were former District 18 presidents. Following post-war labor troubles, including the 1919 Winnipeg strike, a move for independence grew in certain camps of Alberta and southeastern British Columbia, with the result that the Mine Workers' Union of Canada evolved, of which James Sloan is the present president.

## PRESENTATIONS MADE TO KIMBERLEY DYNAMITERS

Close to 1500 people crowded the Kimberley Arena last Monday night to honor the Kimberley Dynamiters Hockey Team, winner of the Allan Cup, emblematic of the senior Amateur Hockey Championship of Canada. This presentation had been delayed until all the team had returned and also in hopes that the famous trophy would be here. However, while all the players were here the cup has not yet made its appearance.

President J. G. Giegerich opened the programme and explained the purpose of the gathering. He then called on Mr. A. B. King, of Fernie, a past official of the Canadian Amateur Hockey Association, to present the Patton Cup and C.A.H.A. medals to the team. Mr. King spoke a few well chosen words of congratulation to the team and regretted that the Allan Cup had not arrived. In presenting the Patton Cup to Captain Harry Brown, he pointed out that this was the first time that even this trophy had come as far west as British Columbia.

Mr. W. M. Archibald was then called upon to present the Gold Watches, leather coats, C.C.M. Gold skates and other gifts to the players. He informed each player that they would be expected to make a speech, but it seems that their premier accomplishment is playing hockey, for most of the boys proved very bashful before the "mike."

Mr. Giegerich read telegrams of congratulations from Messrs. S. C. Blaylock and E. Montgomery and Hon. F. M. MacPherson. Mr. Lloyd Crowe, of Trail, brought the congratulations of the city and expressed his personal pleasure at the fine achievement of the Dynamiters. His only regret was that he was born just one year too soon.

Mr. W. M. Lindsay also spoke a few words. Others on the platform included A. B. Ritchie, H. Whitmore and C. Myrene and Elliot Crowe, of Trail. Selections by the Kimberley District Band and the pipe band completed the program. Following the presentation at the Arena, there were two dances, at which large crowds made merry until the small hours of the morning.—Kimberley Bulletin.

"Organs" and more bugles—to give a few clear notes carrying the country back to a sense of responsibility and away from bigotry and prejudice.—The Hanna Herald.

## PASS EIGHTEEN YEARS AGO (Blairmore Enterprise, 1918)

March 15.—Perfect in attendance at the school during last month were: Grades 1 and 2—Violet Sinclair, Bruno Fabro, Olympia Martin, Pete Stewart, Mervyn Evans, Annie Uhrin, Leonard McDonald; primary—Ronald MacDonald, Irene Sartoris, Roland Maniquet, Walter Tiberg; grades 3 and 4—Gertrude Dutil, Elna Brunetto, Margaret Stewart, Edward Ennis, Beatrice Turner, John McDonald, Mary McAndrew, John Lloyd, Rene Steiner, Mary Sartoris; grades 4 and 5—Benvenuta Pozzi, Jean Shearer, Robert Thompson, George Shearer, Louis Pozzi, Frank McLeod, Alrick Tiberg; grades 6 and 7—George Kafoury, Henrietta Robbins, Marion Ennis, George Bond, James Nemura, Mildred Passmore, Gwen MacDonald, Sydney Sargent, Maurice Bond, Lydia Brunetto.

C. J. Tompkins, of Frank, has accepted The Pass agency for the Sun Life Assurance Co.

M. H. Congdon, of the Bellevue office of the West Canadian Collieries, has been transferred to the head office at Blairmore as assistant to the purchasing agent. Miss Gosse has also been transferred to Blairmore.

Asked the difference between a woman's waist and food waste, Dad Crane replied: "The latter is beyond imagination, the former is not."

March 22.—Charles F. Dunlop passed away at Coleman on Sunday, following a prolonged illness. Mr. Dunlop went overseas as a lieutenant with the 192nd Battalion. On arrival in England, however, it was found that his heart was somewhat affected, and he was obliged to return to Canada, and spent some time since on the staff of the Ogden Home at Calgary. The remains were laid to rest on Wednesday afternoon.

Born at Calgary on the 18th, to Mr. and Mrs. Lawrence Cleland, of Cowley, a son.

J. B. Harmer, of the local post office, this week received word from London, England, apprising him of the death of his father on February the 26th.

The marriage took place at Fernie on Saturday of Miss Annie Winstanley of Fernie, to Harry J. Benson, of Blairmore. Mr. Benson is president of the Blairmore local union.

March 29.—Rev. J. N. Wilkinson, of Pincher Creek, was preacher at the anniversary services of Central Union church here on Sunday last. An interesting collection of curios from Ceylon, South Africa and the West Indies has been presented to the University of Alberta by Mr. F. W. Gotsal, of Cowley.

The auditor's report for the town of Blairmore for the year 1917 disclosed that the year ended with a net surplus of \$6,089.

Capt. A. H. Baker has assumed the office of medical health officer at the Frank military hospital, succeeding Major Geggie.

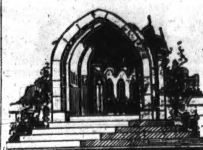

Miss Isobel Murdoch, of Pincher Creek, succeeds Miss Avery as teacher at Frank.

## LOOKS LIKE PUTTING THE CART BEFORE THE HORSE

With new taxes introduced by both the Provincial and Federal governments, it looks like more jobs for some and fewer jobs and less spending power for the rest of us.

It appears to us that both governments are putting the cart before the horse in raising taxes before increasing purchasing power and solving the unemployment question as they promised during the election campaign.

A large percentage of the people are finding it difficult to make ends meet with the present low scale of wages and business as it is. It will be still harder for them now that taxes are raised on many lines and wages remain the same.—Redcliff Review.

"Serve the Church that the Church May Serve You."

## BLAIRMORE UNITED CHURCH

Rev. Albert E. Larke, Minister

Services Sunday next:  
11 a.m.—SENIOR SCHOOL and ADULT BIBLE CLASS.  
2 p.m.—JUNIOR SCHOOL.  
7.30 p.m.—PUBLIC WORSHIP.

## ST. LUKE'S CHURCH NOTES

Rev. A. S. Farlington, B.A., Rector

10 a.m.—Sunday School.  
7.30 p.m., Evening service.

## THE SALVATION ARMY

Coleman, Alberta

Lieutenants Fitch and Pierce

Sunday services: Directory class at 10.30 a.m. Sunday school 3 p.m. Salvation meeting 7.30 p.m. Come and enjoy an hour in God's house.

Monday at 7 p.m.: Y. P. Legion.  
Tuesday, 7 p.m.: Home League, all ladies are heartily invited to attend.  
Friday, 7 p.m.: Young people's meeting.

## MOTHERS' DAY HONORED

Mothers' Day was fittingly observed in Pass churches. An impressive service in St. Luke's Anglican church here on Sunday morning was largely attended. In the evening, an appropriate service at the United Church was in charge of the pastor, Rev. A. E. Larke, who was assisted by the children's orchestra and choir. Sales fitting the occasion were rendered by Mrs. Larke and Miss Fraser. A most pleasing feature of the service was presentation of hymnaries to Mrs. W. Howe and Mrs. A. Decoux. The former had for many years served faithfully as Sunday school superintendent and teacher, while the latter (a daughter) had also performed duties as a teacher and school secretary. Coupled with the hymnary, Mrs. Howe was recipient of a beautiful house plant, the gift of the choir. Little Bud Harper, son of Mr. and Mrs. A. E. Harper, made the presentations. Following the ceremony, presentations were made to the oldest and youngest mothers at the service, namely Mrs. Stewart and Mrs. A. Decoux. Both the Anglican and United churches were nicely decorated with plants and cut flowers for the occasion.

## GOVERNMENT'S REPLY TO INNISFAIR BUSINESS MEN

Replying to a protest forwarded by the business men of Innisfail to the provincial government, Mr. Cockroft, provincial treasurer wrote:

"Edmonton, May 8th, 1936.  
Dear Sir: Replying to your telegram of May 1st, on behalf of the business men of Innisfail, the Government has given careful consideration to your submissions and feels that if the imposition of the tax in question will act adversely on the business through-out the province, some other means of procuring revenue will have to be devised.

It is not the hope or desire of the Government, however, to impose any hardship on any of the retailers; rather do they look for co-operation and assistance in order to overcome a difficult situation. It is our intention to be guided by experience and find the necessary remedies from time to time.

Yours very truly—C. COCKROFT.

## WORLD HAPPENINGS BRIEFLY TOLD

The Balkan entente considered a proposal to constitute itself into a little League of Nations for south-eastern Europe.

The Soviet government announced it had accepted a British offer to begin negotiations for concluding an agreement on naval armaments.

In the last three years \$1,017,504 has been spent on Royal Canadian Mounted Police barracks and officers' residences, Hon. Ernest LaPointe, minister of justice, announced in the House of Commons.

Sir Edward Beatty, president of the Canadian Pacific Railway, has consented to open Vancouver's golden jubilee celebrations this summer, Mayor G. G. McGeer of the coast city, announced.

The post office sustains an annual loss of \$4,274,254 per annum in carrying newspapers "and other similar periodicals at a cut rate for this class of mail," Postmaster General Elliott told the House of Commons.

Newfoundland's hardy seamen came in for further praise in the British House of Commons when Winston Churchill, Conservative, urged the admiralty to hold out hope that a training cruiser would be re-established for Newfoundland.

South Africa has informed the British government that in no circumstances will it consider the question of transferring the mandated territory of southwest Africa to another power, it was learned authoritatively.

Vancouver is to have a civil bureau of identification containing citizens' photographs, signatures and index fingerprints, Superintendent H. Darling of the Vancouver police criminal investigation department announced. The scheme will be voluntary.

### General Counsel Retires

Announcement is Made Of Changes In C.P.R. Legal Staff

W. H. Curle, K.C., general counsel, Canadian Pacific Railway Company, retired under pension regulations on May 1, Sir Edward Beatty, chairman and president announced.

He is succeeded by E. P. Filinoff, K.C., present general solicitor. Geo. H. Walker, K.C., assistant general solicitor, succeeds Mr. Filinoff.

Mr. Curle studied law in Toronto in association with Sir William Ralph Meredith, former chief justice of Ontario. After completing his studies he practised law with the firm of Scott, Scott, Curle and Gleason, proceeding in 1908 to Winnipeg as assistant solicitor of the Canadian Pacific.

He was made Winnipeg solicitor in 1910, resigning to practice law in Winnipeg in 1912. He rejoined the railway company in 1917 as general solicitor in the law department, Montreal, and was appointed to the position of general counsel for the company in 1929.

### Passes First Test

Stabilizing Gear On British Ship Eliminates The Roll

Life on the rolling waves may now be enjoyed—without the roll! When the steamer Isle of Sark, first British ship to be fitted with stabilizing gear, arrived at Jersey on her first passenger test, there was not a pale passenger among the 140. Part of the secret is fins which can be put outboard in rough weather by hydraulic pumps.

### According To Helght

Fares in Vienna street cars are paid according to height. Whereas in most European cities ten pence is the dividing line between half and full fares, there 30 centimeters, or four feet four inches, marks the half fare limit. Standing more than that means that the passenger is grown up. In cases of dispute the conductor refers to a yard stick carved into the door frame.

Both peaks of the famous Mount Ararat are now within the boundaries of Turkey as a result of the boundary treaty signed by Turkey and Persia in 1922.

### Starts Flying School

Irishman Believed To Be World's Only One-Legged Instructor

One-legged J. J. "Paddy" Flynn, black-haired, blue-eyed Irishman, has just bought his first pupils in his own flying school in Doncaster.

When Imperial Airways City of Washington crashed near Neuchatel, France, in 1930 four people were killed. "Paddy," her pilot, lived; but he fractured his spine and leg; lost one leg, broke the other in four places; smashed his ribs; spent the next two years in the hospital, had nine operations.

Now the Irish air ministry has given him special permission to give flying instruction in his own school. He believes he is the only one-legged licensed instructor in the world.

Before the City of Washington crashed, "Paddy" had carried 31,000 passengers, down at least half a million miles. When he recovered Imperial Airways gave him a job in their accounts department.

But the little man with the cheery grin, who stumped around with a tin leg and a rubber-shod stick, could not stand that.

He had an aeroplane specially fitted for him and got back his "A" private flier's license.

He has now five "school" machines of his own.

An R.A.F. officer in the war, he fought the Richthofen squadron of "blood red" scouts. Then he went home to Ireland to fight against the English.

When the English left, "Paddy" founded the Free State air force with war-time Bristol fighters and D.H.9's to fight the Republicans. He and his men carried homemade bombs aloft in beer bottle baskets and slung them overboard.

Reduced Railway Fares

Low Excursion Rates Both East And West Are Offered

Every inducement to travel this summer in Canada's famous holiday centres both east and west is suggested in the excursion fares announced by the Canadian Passenger Association through its western secretary, Joseph B. Parker. Summer fares on the Canadian Pacific and Canadian National railways offer unusual advantages in economy on the part of the traveller and in length of time allowed on the special rail tickets provided for.

Three kinds of tickets, first class, tourist and coach classes from western Canada to points in the east will be on sale from June 1 to August 31 and will bear a final return limit of September 30. In addition to this special fares for return limit of October 31 will be offered from May 15.

To Vancouver, Victoria and New Westminster from the prairie provinces, giving options for travel through some of Canada's most romantic scenery, low summer tourist fares are to be in effect from June 1 to September 30 and will provide a choice of travel in coach, tourist and first class accommodation. Tickets with still longer limit will be effective from May 15.

Added to these will be summer fares in effect from western Canadian points to the great mountain resorts along both railways in Alberta and British Columbia.

Levels Of Conversation

Referring to levels of conversation, the Rotarian Magazine says there are three of these: "On the lowest level, one talks about things; on the middle level, about people; and on the highest level, about ideas." The Hamilton Spectator suggests that "there is a lower level than any of these, when one talks nonsense." But, says the Toronto Star, after this, there is still a lower one: when one talks only about one's self.

Paints With Right Foot

Alexander Klein, a Roumanian Jewish war veteran whose hands have been paralyzed for 17 years, has opened an exhibition in Vienna of pictures he painted with his right foot. Klein started training himself to paint with his foot shortly after he became paralyzed as a result of injuries suffered at the front.

The nerve centre of the octopus is in its eyes. For centuries, Hawaiians have killed octopuses by biting their eyes out, knowing that this causes quick death.

## Farmers' Creditors' Arrangement

Stated That Reductions Effected Total Over \$15,000,000

Since the Farmers' Creditors' Arrangement Act became operative some 18 months ago a total of 11,011 settlements, involving \$31,177,476 of debt, have been effected according to the first report of the committee in charge, tabled in the House of Commons. Reductions actually effected totalled \$15,341,430, with an annual interest saving of \$1,228,718.

The report sets forth that 19,094 farmers submitted proposals and 11,011 settlements had been made, with an average annual interest saving to individual debtors of \$101.28.

In addition to such value as may be placed on the work accomplished, the comparatively short period, says the report, "there is a noticeable getting-together throughout Canada of the debtors and their creditors outside the purview of this act, but attributable to the legislation, with a view to friendly adjustment of their problems by voluntary arrangement; and it is a matter of record that many thousands of such settlements are being effected without recourse to the official receivers and without cost to the government."

Settlements effected under the act, by provinces, include: Ontario, 1,261; Manitoba, 875; Saskatchewan, 1,182; Alberta, 1,041, and British Columbia, 86.

In addition to this total of 6,118 voluntary settlements accounted for 4,893 indications of a total of 11,011.

Indications of boards being convened is noted in the report which records that one board has had 2,967 cases before it. Of these a total of 1,261 have been arranged.

### Vagrant Planets

Astronomers Are Interested In A New Discovery

Astronomers fear that now it can be told. Last February there was a whole lot of anxiety round what the practitioners of this science gather. A Belgian member had pinned down a new minor planet. It isn't much as a planet, but it's quite really, but at that it thinks highly of itself and has started trying to keep up with Mars, Venus, Mercury and, finally, the Earth. That is how it came that in February of this year it got uncomfortable near us, well within 1,500,000 miles. With astronomers that is practically nothing.

Most of these minor planets know their place. They keep 50,000,000 miles away, and probably if they ever get a good look at us through a celestial telescope think that that is near enough.

The astronomers have got the adventuring one named Anteros, but they aren't sure how long he will linger around in his present company. "Gravitational disturbances" is the diagnosis. This may throw the little chap into a very long orbit over a long period, or, perhaps, if things get too rough, eject him from the planetary system. What a planet does then is not clear. Perhaps he goes off and gets some other system which he just so snooty to take him in—Winnipeg Free Press.

The Victim—"I want to speak to you, Fishner, about the milk you have been delivering lately—we don't require it for christenings."

From 65 to 70 per cent. of the world's supply of antimony comes from the Chinese province of Hunan.

## Lacy Gloves Are A Joy To Crochet

PATTERN 5571

The well-gloved woman is proud to "show her hand" when gloves are as lacy and dainty as these. Crocheted so easily and quickly, you may have a different colored pair for each Summer costume. The hands are in simple form, the novel cuffs formed of lacy mesh, their centres pointed up by tiny Irish crochet roses. They're smart in crochet cotton!

In pattern 5571 you will find complete instructions for making the gloves shown in a small, medium and large size (all given in one pattern); illustrations of the gloves and of all stitches needed; material requirements. To obtain this pattern send 20 cents in stamps or coin (coin preferred) to Household Arts Dept., Winnipeg Newspaper Union, 175 McDermott Ave. E., Winnipeg.

There is no Alice Brooks pattern book published

## MEMBER FOR VICTORIA DIES

The first vacancy by death in Canada's House of Commons elected last October was created when D'Arcy Britton Plunkett, 64, Conservative member for Victoria, B.C., died in hospital at Ottawa after a brief illness with pneumonia and complications.

### Win Challenge Cup

First Saskatchewan Mounted Rifles At Lloydminster Awarded Trophy

The Department of National Defence announced the First Saskatchewan Mounted Rifles with headquarters at Lloydminster, Sask., won the White challenge cup for 1935, with a score of 387 marks.

The cup was donated by Brig.-Gen. J. B. White for the general competition in connection with the non-permanent active militia cavalry units in Canada.

Other regiments with headquarters and marks obtained include: 14th Canadian Light Horse, Climbax, Sask., 374; 10th Canadian Light Horse, Yorkton, Sask., 307; Port Garry Horse, Winnipeg, 356; 12th Canadian Light Horse, Calgary, Alta., 344; 19th Alberta Dragoons, Edmonton, 339; Alberta Mounted Rifles, Vegreville, Alta., 339; British Columbia Dragoons, Vernon, B.C., 366; British Columbia Hussars, Kamloops, B.C., 320; South Alberta Horse, Pincher Creek, Alta., 305.

### New Cancer Ray

Strengthens Hope For More Powerful Weapon Against Disease

First experiments with a new, long sought cancer ray, nearly twice as powerful as X-rays to malignant growth, but comparatively cool to healthy flesh, were described in the American Society of Clinical Investigations.

The ray is a neutron beam, developed at the University of California. Its first application to cancer strengthens hopes of medical science for a more powerful weapon against cancer.

The experiments were on mice at the University of California by Dr. John Lawrence, of Yale University, and P. A. Abersold and Dr. E. O. Lawrence, of California.

### Experiments Held Up

Winnipeg's first Black Widow is dead. The deadly spider, first ever found there, died before experiments. Prof. R. A. Wardle of the University of Manitoba was contemplating could get under way.

Nearly 16,000,000 people in Great Britain earn less than \$750 a year.

## SUNDAY SCHOOL LESSON

MAY 17

### JESUS INSPIRES HONESTY

Golden text: Thou shalt not steal. Exodus 20:15. Lesson: Luke 19. Devotional reading: Psalm 15.

### Explanations And Comments

Jesus Inspires Honesty, Luke 19:1-10. A chief publican, or Commissioner of taxes, as we should call him, Zacchaeus by name, was rich, a fact which informs us that, like all such officials of the Roman government, he had made his money by extortion and dishonesty, for had he been honest he would have been poor. As Jesus was about to pass through Jericho on his way to Jerusalem, Zacchaeus realized that his shortness of stature would prevent his seeing him over the heads of the crowd that would gather. He was determined to reach the place ahead of the crowd and climbed a sycamore tree standing by the side of the road where Jesus must pass. This was not the sycamore tree known to day in England, but a tree which is described as a fig tree because it fruited as the fig in its appearance, and its leaves were small and very spreading branches.

Jesus reached the tree he looked up and called Zacchaeus by name. "The tax-collector in Palestine, by reason of the nefarious system in vogue, stood socially where a gambler or rumrunner stands with us. He was ostracized."

No Jewish rabbi would have offered to stay at a publican's house, but Jesus said to Zacchaeus, "Make haste and come down, for to-day I must abide at thy house." His "haste" was that of a shepherd who would save his flock. When Zacchaeus dropped from the branches with great joy and hastened home with his family, the people murmured saying, "He is gone to lodge with a man that is a sinner." "Publicans and sinners" was a phrase in common use.

"To-day is salvation come to this house," said Jesus, "for as much as he also is a son of Abraham." He also is a son of Abraham, is a worthy Jew. For the Son of Man came to seek and to save that which was lost. Lost means out of place.

### Celebration Was Postponed

Nizam Of Hyderabad Soon To Mark Silver Jubilee

The Nizam of Hyderabad, reputed to have 110,000,000 as his annual personal income, 130,000,000 worth of jewels, and total fortune amounting to 110,000,000, is rightly called the richest man in the world. This potentate was to have celebrated the Silver Jubilee of his ascension to the ancient throne in February, but the festivities were postponed owing to the death of King George V. When the celebration does take place it will be one of the most dazzling events in the history of the world. The jubilee procession, extending for three miles, will be the most magnificent affair in the crowded program. An army of elephants, hundreds strong, decorated rainbow colors, batteries of solid silver cannon and the picturesque uniforms of the military band will add color to this pageant. The Nizam himself will ride in his state coach of pure gold from his own famous Golconda mines. Over a million pounds will be spent on this occasion. There will be free banquets for thousands of people to whom will stock Hyderabad in expectation of the great dinner. Fifty thousand sheep and 10,000 oxen will be required to feed the "guests" who are expected to be not fewer than 500,000. According to the family tradition the Nizam must supervise personally this largest feast in the world. It will take place all over his dominions and will last a week. Where the Nizam cannot go in person his officers must act the host for him.

### Anglican Fund Restored

Amount Originally Lost In Western Canada Has Been Made Up

Ottawa.—All the funds originally lost in western Canada in 1933 had now been restored, according to a report of the regional fund committee to the Anglican synod of the Ottawa diocese.

The original loss of endowment funds, on which depended much missionary work in western and northern dioceses, the pensions of aged clergymen, widows and orphans, and the work of St. John's college, Winnipeg, was approximately \$760,000. When the restoration fund campaign was launched, \$300,000 was added to the sum appealed for to augment the general synod pension fund.

Cornell University has a student from Shantung, China, named Mr. I; his first name is Fu and his middle name Te.

The world consumed approximately 275,000 ounces of platinum metals, including palladium, in 1935.

China is to have a new fleet of coastwise steamers.

An international radio show will be held in Brussels, Belgium.

## YOUR GARDEN

Much of the real interest in gardening lies in the waiting something new. Of course it is not advisable to make over the whole garden each spring, for should one abandon completely all those old favourites which have done well in the past, but without committing entirely new each season interest will be lost. In a special part of every seed catalogue will be listed the very latest creations in both flowers and vegetables. Certain flowers which were always double before now appear in a single type, or perhaps a very distinct color has been added. Glants have been dwarfed, like the new tiny Zinnias, or very much increased in height, added to something which a few years ago could only be secured in midsize. Practically all the leading flowers may now be secured in both doubles and singles and some of the latter, particularly in the Asters, are very desirable.

A good seed catalogue will prove invaluable. It tells of the flowers, times of blooming, whether they are suitable for such special purposes as edging, screening, cutting and fragrant, and of the merits and demerits of the various plants. In the vegetable line the catalogue continues with useful service by listing different varieties under the heading of early, late and medium, and in regard to the tables is possible right through the season. With unusual sorts, special directions are given in regard to care and preparation for the table.

The following seeds may be sown early in the spring: Spinach, carrots, radish, lettuce, onions, parsnips and peas; seeds to be sown in the middle of the season are: over: beans, corn, melons, cucumbers, potatoes, pumpkin and squash; seeds to be sown late in the season are: cauliflower, celery, tomatoes, peppers and egg plants. By spreading seeds in the garden in this way over a period of two to three weeks a larger harvesting season is obtained.

In selecting a list of annual flowers attention must be paid, of course, to time of blooming, color and height. But there are only elemental points. There are other and finer distinctions. Certain shades blend well together, while others clash. A whole bed will be selected with this blending in mind. Of course for this sort of thing it is all a matter of bloom during the time of bloom. Fragrance should be taken into account, as there are many species which have Evening Scented Stock, Nicotiana, Mignonette, Sweet Sultan and Verbena, which while they have plain plants, fill the whole garden with a delightful incense, especially in the evening. In about the middle of the season rooted Begonias, Pansies and wild flowers will do well. In fact, we prefer this location to any other.

Urged To Store Food

If Not Needed England Can Share With Others

Grow Food, Store Food! If war comes here, the enemy airplanes will follow the lines of the rivers, pointing like arrow-heads to the heart of the great reservoirs. The bombers will smash the stocks blow down the bridges, and cripple our overseas food supply. If war comes elsewhere, the cost of that huge dislocation of trade in the markets of this country to near famine level. And if this fear passes, as all good men and women pray and labor that it will, then for our land is fertile and our barns are filled we can give of our abundance, we will stock up to those that sorely need it. Grow Food. Store Food!—London Daily Express.

Guessed Exact Time

Two Men Are Winners In Alaska Ice Break-Up

Ice started moving in the Tanana river at the exact moment E. Miller and J. Covich predicted. The break-up began at 12:38 p.m., April 30, the time fixed by the Juneau men, who entered the guessing contest in Alaska along with some 72,000 others. The winners are expected to split around \$72,000.

The movement was determined by a wire run from a pole frozen in the ice to a bell and clock on shore. When the ice moved, the pole broke, pulling the wire, ringing the bell and stopping the clock.

Vimy Ridge Memorial

Canada's national memorial on Vimy Ridge will cost in the neighborhood of \$1,290,000, Defence Minister Mackenzie told T. L. Church (Cons., Toronto-Broadview) in the House of Commons. This covers cost of construction together with laying out of roads, the preparation and laying out of the grounds incidental to the undertaking.

Radio sets made in Palestine are provided with war harnesses, tank-dried and specially veepared to withstand the heat and humidity.

China is to have a new fleet of coastwise steamers.

An international radio show will be held in Brussels, Belgium.

## CHECK RECKLESS DRIVERS WITH TEN FAST MACHINES

The reckless driver is to be chased off the highways of this province.

At last the authorities have taken action which has been advocated year in and year out by the Alberta Motor Association.

Official announcement was made recently by the Provincial Government that arrangements had been made with the R.C.M.P. to operate high speed patrols this year. Such a step is bound to mean that this protection will be maintained for the future.

Ten fast motor cars will be kept in operation, placed at certain strategic points along the highways. Thus, the police will be equipped for the first time to deal with the deadly menace of the speedster, racing naught for life or limb and obsessed with the idea of his own personal enjoyment.

Aside from the fact that the more knowledge that patrols will be on duty should act as a deterrent to speedsters particularly, there are many advantages from having the police on the job night or day during the heavy traffic season particularly.

This system has been operated in other provinces where it was found that good results were obtained. Reckless drivers were soon checked up by the police, and a reduction in traffic accidents was the outcome.

The tendency to "step on the gas" without regard to the consequences and possible injury to other motorists or property damage will be curbed, it is believed, when it is known that the R.C.M.P. patrol may be lurking thereabouts.

The "one-eyed" driver should no longer menace traffic. People who prize their driver's license, knowing full well that regulations as to suspending or cancelling them have been tightened, will be disposed to drive carefully, it is believed by the authorities.

Such incidents as drunken motorists colliding with women drivers and causing loss of life or serious personal injury should be eliminated by having police patrols on duty.

Safety on the highways is becoming more and more a primary need. This cannot be left entirely to the motorists, resulting in the need of the police taking definite action to see that the laws are observed.

While desirous at all times of protecting the interests of motorists, the Alberta Motor Association never has sought to defend the reckless driver who is a menace to all. This organization has declared at all times that the law should be strictly enforced when it was found to have been flagrantly violated.—Voice of Motordom.

Tom Marks, pioneer Canadian entertainer, who played in virtually every opera house and town hall from coast to coast, including Blairmore, died at Christy's Lake, Ontario, on May 9th, aged 81.

Arrested and sentenced recently for false pretenses by selling spurious magazine subscriptions, George H. Roberts, also known as George Merrick and R. C. Graham, faced seven new charges of the same offence in Calgary on Wednesday. He entered pleas of guilty to all the charges, and was remanded until Thursday (yesterday). Charges are: obtaining \$92 from I. J. Hayson, druggist, Bellevue; \$13.95 from C. L. Price, Macleod; \$2.50 from H. M. Illesley, Clive; \$5 from W. R. Dunlop, Granum; \$9.65 and \$14.75 from Mrs. A. E. Henry, Alton, and \$7 from G. Brabaker, Gadsby, all by false pretenses.

## Local and General Items

Maybe they call em crazy quilts because that's the way a woman gets before she completes one.

"Don't you like this cake mother baked? She really put her heart into it," said the wife. To which the husband snapped: "I thought it tasted kind of hard."

The giant zeppelin Hindenburg made the return journey from Lakehurst, N.J., to Frankfurt-on-Main, Germany, in 48 hours and 27 minutes. It took 61 hours and 59 minutes to cross the Atlantic westward.

Indication by Hon. T. A. Cr. at in the federal house that his government contemplates hard-surfacing roads from the international boundary into Banff national park brought from Premier Aberhart the comment: "It's too bad if they won't let the provincial government handle it as an Alberta relief work programme. It would help the situation in this province immeasurably."

"George Kerr is a very fine violinist, and is of the calibre that makes virtuosi. He has excellent musicianship and could portray all the passages. Splendid variety marked the work of this young artist, who is well schooled in the modern German method."—Harold Gregson, adjudicator, in awarding George the highest marks of 90 and 91 at the Lethbridge festival.

A marquisate has been conferred on the Earl of Willingdon, former governor-general of Canada, who has just completed a five-year term as Viceroy of India. Freeman Freeman-Thomas was raised to the peerage as Baron Willingdon in 1910. In 1924 he was created a viscount, and in 1931, on his appointment as Viceroy of India, after completing a term as governor-general of Canada, he was created Earl of Willingdon.

Over five hundred members of the United Church from all parts of British Columbia are gathered in Vancouver this week for the twelfth provincial conference, the annual meeting of the Lay Association, and the third annual Provincial Young People's Conference. Last evening a grand rally was addressed by Rev. Peter Bryce, D.D., secretary of the Missionary and Maintenance Fund, of Toronto, and Dr. R. B. Cochrane, secretary of the Home Mission Board.

A California car, occupied by a man, his wife and the pet cat, rolled over in a ditch east of Cowley on Tuesday, at a point but a short distance from where the W. A. Rossberry accident occurred some years ago. Though the car was considerably damaged, the occupants emerged from the wreck with but a few slight bumps and scars. T. C. Rees, a Winnipeg traveller, who happened along at the time, brought the couple to the Cowley hotel, where they were attended to. The cat was the first to escape from the wreck. It immediately headed off across a field, and some distance was experienced in capturing it. The car was brought in to the Cowley garage. The couple were enroute to Calgary.

## Here and There

Barrow, Alta., sets this year's record for the first official report on work on the land, according to a message received March 19 by the Agricultural Department of the Canadian Pacific Railway at Winnipeg. The earliest last year was from Taber, Alta., which has held the record for five years, on March 21.

Alfred S. McKay, recently elected president of the Southern Alberta Pioneers and Old-Timers' Association, is one of the two surviving members of this society party which chartered the route of the Canadian Pacific Railway across prairies and mountains in 1880-1885.

Interviewed at Victoria recently, W. M. Neal, vice-president of western lines, Canadian Pacific Railway, stated that he anticipated one of the biggest travel years in recent Canadian history. There had been, he said, substantial improvement in passenger travel business last year which is expected to continue this year.

Changes in hotel management in western Canada are announced by H. P. Mathews, general manager Canadian Pacific Hotel system as follows:—T. E. Chester, manager Hotel Vancouver, appointed assistant general manager of the company's hotels in western Canada, succeeding A. E. Robertson, resigned; Colin F. Pratt, manager Palliser Hotel, Calgary, becomes manager Hotel Vancouver with W. J. Mylett, succeeding Mr. Pratt as manager of the Palliser.

Vancouver Island, known as the historical cradle of the Pacific Northwest, is to be featured this summer by a special cruise of the Princess North, of the Canadian Pacific B.C. service, which will make a complete circuit of the island, leaving Vancouver at 2 p.m. July 15, for a seven day trip in the paths of the early explorers.

During the winter season just closed, there was witnessed the greatest step forward in winter travel ever recorded. Over 51,000, more than a fifth greater than last year, made journeys over the week-end from Montreal to the territory in the Laurentians, the mountain paradise to the south of Montreal thoroughly covered by Canadian Pacific Railway. Many came from cities in the Eastern United States to enjoy the sport.

Nine weeks have been named and arranged for Vancouver's Golden Jubilee celebrations proper this summer but the festivities will cover the whole season and are expected to attract visitors from all over the world. One of the high lights will be the re-enactment of the arrival of the first Canadian Pacific train half a century ago.

Thirteen short European cruises from British ports will be made between May and October by the Canadian Pacific liners Montcalm and Montserrat this year. The Baltic and the Mediterranean will be covered extensively in these voyages.

Dr. A. H. Compton, physics research expert, was selected from a trip to Honolulu on S. S. Aorangi, after studying activities of the coming ray in the southern hemisphere. A specially constructed house on the liner's after-bridge contained the delicate apparatus for the purpose of securing more data on the little-known but ever present ray during the ship's Antipodean trip.

Father: "Always remember that whatever you attempt, there is only one way to learn, and that is by beginning at the very bottom. There are no exceptions to this rule."

Junior: "None at all?"

Father (decisively): "None."

Junior: "Then, how about swimming?"

"Thank you so much," said a woman to a middle-aged man with a Legion button on his coat, who had given her his seat in a street car. "That was very kind of you."

"Not at all, ma'am, not at all," protested the Old Swast. "I know some men don't give up their seats to anyone except pretty girls, but looks don't make any difference to me."

The steamer was just leaving the pier when a man rushed up and shouted: "Hold on a minute, captain. There's a party of fifty coming aboard."

The steamer docked once again, and the individual strode up the gang-plank.

"Where's the rest of the party?" asked the captain.

"I'm that party. I'm just fifty today."

## Local and General Items

"At the end of the evening," said the cynic, "my wife was so tired she could hardly keep her mouth open."

Haile Selassie loved the Enterprise so much that he actually took a trip on it from Djibouti, French Somaliland, to Haifa, Palestine.

Haile Selassie (addressing his umbrella): "Well, you weren't much protection, but you were better than the League of Nations."

The projected speaking tour of Mrs. Frank Gostick, Calgary M.L.A., through the Crow's Nest Pass this week was cancelled owing to illness. Mrs. Gostick is confined to bed with a poisoned arm.

The government of Alberta has made a change in the Alberta fishing regulations, whereby children under sixteen may fish during the season without special permit under their parent's permit. The parent, however, must have a permit before a spit. And wherever I spit the grass juvenile may fish.

## Local and General Items

Birds and fish for centuries have been known to follow horse teams. Wonder why they also follow cars.

"Yes," said the beautiful girl, reflectively, "I married for love and I'm going to keep right on marrying until I get it."

A heading of an advertisement in a daily paper reads: "Hogs Wanted." It doesn't mention whether road hogs, ground hogs or what.

An exchange remarks: "The Society for the Prevention of Carrying Coins to Newcastle has approved the action of the New York postmaster in refusing acceptance of a bomb addressed to Chicago."

A golfer, no matter how badly he played, was never heard to swear. One day one of his opponents remarked upon this fact. "It's true, I don't cuss," admitted the fozzler, "but let me tell you this: Every time I miss a spit. And wherever I spit the grass don't grow no more."

## District News

From Our Own Correspondents

### BELLEVUE HAPPENINGS

Mrs. E. C. Costick is in Calgary, visiting for a few days with her daughter, Kathleen, who is attending normal school.

Mrs. F. Gilroy entertained a number of ladies at her home on Thursday afternoon, in honor of her daughter, Mrs. S. Price, a recent bride.

Mr. and Mrs. J. McAndrew, of Calgary, are visiting here for a few days with their daughters, Mrs. A. Goodwin and Mrs. B. Eccleston.

The service at the United church last Friday, addressed by Rev. Dr. Endicott, was very well attended.

Mrs. G. W. Cousens, of Penitence, B. C., is visiting at the home of her parents, Mr. and Mrs. Joe McLean.

Mr. and Mrs. Rowell, of Wapella, Sask., are spending a few days here at the home of Miss Gladys Knowles.

Mr. Rowell at one time was in business at Passburg, and will no doubt be recalled by many old timers.

### COWLEY HAPPENINGS

Mr. and Mrs. William Gilmar are spending a few weeks in Lethbridge with their daughter, Mrs. William Willoughby.

Wednesday of this week was observed as cleanup day for the town when men, equipped with garden rakes, shovels, forks, etc., cleared up all the litter and waste in the streets and alleys, there being several truck loads hauled away to a dump heap some two and a half miles out of town.

Mrs. William Wydliffe returned Monday from Pincher Creek, where she had spent a week with her daughter, Mrs. Upton, and family.

Mr. Bickell, of Hanna, is paying a few days' visit here with his daughter, Mrs. Nelson Askew, and husband, Joe Wilson, who has been on an extended visit to Vancouver, returned Monday by train. He is much improved in health as a result of his stay at sea level.

Owing to an epidemic of measles on the advice of health authorities the Cowley school is closed for a week. It will likely reopen on Monday next. The disease is of a very mild form, and on a visit to the school from Dr. Dubuc was diagnosed German measles.

The Cowley Girls' Club was entertained by Miss Clare Bundy at her home on Thursday evening last.

What might have been a fatal accident happened a mile south of Cowley near noon on Tuesday, when the car of Mr. and Mrs. E. E. Ramsey, of California, took the ditch at the roadside, the car making a complete turnover, smashing all glass on one side, besides other extensive damage. Mr. Ramsey was badly shaken up and received wounds on the head and hand. Mrs. Ramsey received minor injuries and was also badly shaken up. They were taken to Pincher Creek for treatment. They continued on to Calgary on Wednesday by bus.

Flattery is soft soap—and soap is 90 per cent lye.

Small Boy (excitedly): "Teacher, tell us about the end of the world." While the teacher paused a moment for the wise answer, another boy said: "I can tell him. The world is round; and a thing that is round ain't got no end."

"Do you know," said the Englishman, "that my family had the right to bear arms for over two hundred years."

"Mon," retorted the Scot, "my family has had the right to bare knees for over two thousand years!"

Susie: "Grandma's sticking to her knitting, papa."

Papa: "Well, why tell me about it? There's nothing unusual about grandma sticking to her knitting, is there?"

Susie: "Yes. Willie put glue on her yarn."

A little Scotch boy, having become an uncle at the age of four, was taken to see the new baby.

"What's she saying, Sandy?" asked his sister, as the infant made the usual gurgling noises.

Sandy cast a wary and inquiring eye round the room and then replied: "It sounds like, 'Gie Sandy an apple.'"

A clergyman, announcing the result of a special collection, said: "I am glad to say that the total reached \$15 0d. 1½d. I am forced to the conclusion," he added with a smile, "that there is a man from Aberdeen in our midst."

"You're wrong, sir," came a broad voice from one of the back-pews: "three of us!"

### LOCAL "GAL" MAKES GOOD

#### —BRINGS HOME THE BACON

The following, clipped from the April 30th issue of the Victoria Daily Times, will be read with interest here. Enid Cole (Gurney), formerly of Bellevue, had six entries and landed four cups.

The Junior championship of the British Columbia Drama Festival and the challenge cup presented by Premier Pattullo yesterday afternoon went to the Cole Players for their performance of "The Princess Who Hid Her Shoes."

Five junior entries were heard during the afternoon. Miss Nellie C. Cornish, the adjudicator, had high praise for all of the performances, two of which were unfortunately disqualified because they came under the minimum time limit.

The winning play was written by Harriet Wright. It was directed by Enid Cole, and the cast was as follows: King, Ronald Grant; Prince, Dorothy Smith; Princess, June Short, and page, Velma McLorie and Billie Chaster.

In her adjudication, Miss Cornish said the play was natural, simple and childlike. The performance had mood and feeling of a kind not always found in adult productions. The settings were excellent.

For individual work, the honors went to Eileen Chaster as Mrs. Jones in the Cole Players' presentation of "Mrs. Wiggins' Afternoon Tea." The piece, written and directed by Enid Cole also included the following performers: Mrs. Wiggins (with a kind word for all), June Short; Mrs. Simmons (fussy with loads of advice), Gwynneth Philips; Mrs. Brown (scornful and gossip), Dorothy Smith; Mrs. Wilkins (a flapper, just married), Irlace Roskelly; Mrs. Smith (with all the troubles in the world), Marjorie Braithwaite, and Millie Jones (lipping and tiny), Barbara Oakley.

Miss Cornish did not find this piece suitable for children. It was wrong, she said, to cast junior players in parts outside of their experience. But, she added, she had never seen better work of its type.

The presentation fell short of the set time limit, and could not be judged.

"This play needed pulling together, it did not seem to tie up at all," was Miss Cornish's verdict on "In a Street," presented by the Western School of Dancing, under the direction of Miss Dorothy Cox. The play, by Beatrice Mayor, was performed by the following cast: Eliza (first old lady), Ann Crowther; Anna (second old lady), Miriam Schawbe; an old gentleman, Bill Crowther; a young man, Rosemary James; a rag and bone merchant, Carol Watson; a dancer, Joy Groves; an actor, Barbara Henderson, and a street singer, Doreen Margrets.

However, said Miss Cornish, the individual work of the children was good. But again in this piece they were taking the parts of grown-ups.

The Royal Roads Schools performance of "Snow White and the Dwarfs" was handicapped by the absence through illness of some members of the cast. Holly Greer, as Snow White, was described by Miss Cornish as "a very charming little actress."

The playlet, written by Rodney Bennett, was directed by Miss R. W. Johnson. The full cast was: Snow White, Holly Greer; The Queen, Joan Piddington; The Prince, Sonia Stewart; The Forester, Mary Piddington, and dwarfs, Robyn Francis, Phyllis Piddington, Olga Strathall, Patricia Codville, Michael Piddington, Patricia Greer and Peggy Lou Godfrey.

Because it was under the time limit, "Rhymes of a Little Nursery," presented by the Peter Pan Players was also disqualified from competing.

However, Miss Cornish was enthusiastic in her praise for the performances of the children. "They all of them actually seemed to live their parts," she said. The play which was all in rhyme, was beautifully produced in the opinion of

the adjudicator.

Enid Cole directed this piece by Frances Ebbs Canavan and the cast was as follows: Mary, Jean Foxall; Brownie, Barbara Oakley; Beth, June Miller; Sister Penny, Sylvia Welsh; China Boy, Billy Chaster; Jack, Albert Cox; Timmy, Ronald Foxall; Nurse, Alberta White; Sandman, Barbara Kemp.

The Dowding Players' entry, "The Make Believe Princess," was withdrawn because of illness.

### CENSUS QUESTIONS

These are the questions that will be asked about each person by a Dominion Government census-taker sometime during the month of June:

1. Your name and where you live.
2. Is your home owned or rented?
3. If you own your home, give the value; if you rent it, give rent per month.

4. How many rooms are in your home, and is it an apartment, a row or terrace, a semi-detached house, a single house or a flat?
5. Your relationship to the household (whether head, wife, son, daughter, uncle, boarder, etc.).
6. What is your sex?
7. Are you single, married, widowed or divorced?
8. What was your age at last birthday?

9. In what province of Canada, or in what other country were you born?
10. If you were not born in Canada, in what year did you immigrate, and in what year were you naturalized? (For other than British born).
11. What is your nationality, i.e., to what country do you owe allegiance?
12. What is your racial origin?
13. Are you able to speak English?

14. What is your mother tongue?
15. Are you able to read and write?
16. How many years have you attended school?
17. How many months at school since September 1, 1935? (For persons of school age).
18. If employed, what is your present occupation, (as carpenter, farm laborer, insurance agent, etc.)? If you have no gainful occupation, state whether you are a student, retired, homemaker, etc. If unemployed, state the occupation at which you were last employed. (For all persons 14 years of age and over).
19. In what industry are you employed (as dairy farm, iron foundry, street railway, drug store, etc.)? If unemployed, state the industry in which last employed.
20. Are you an employer, a wage-earner, an unpaid family worker or are you working on your own account?
21. Since your occupation at the present time may not be your usual occupation, you will be asked to state what is your usual occupation, industry and status therein.
22. If you are a wage-earner, you will be asked if you were at work on Monday, June 1, 1936. If you state

### Thirty-Six Million in One Hand

Eight cheques totalling in value no less a sum than \$36,755,630 changed hands on May 1 when the Canadian Pacific Railway paid off the balance in principal and interest due of the sixty million dollar loan contracted in 1923, and guaranteed by the Dominion Government at that time. It will be remembered that in June of that year the Canadian Pacific had to raise the sixty millions to meet maturing obligations. The money markets of the world were then feeling the full effect of the financial crisis and were closed with the result that it was not possible for a Canadian institution to borrow so large a sum on advantageous terms. The Canadian banks therefore agreed to combine in making this loan, but as an added measure of security to the banks, the Dominion Government agreed

to guarantee re-payment of the loan both as to principal and interest. The loan was to mature in five years, or might be paid off by the Canadian Pacific prior thereto on notice to be given to the banks. It has been paid off in full in less than three years, and the obligation of the Government to guarantee payment came to an end automatically the moment the cheques issued today were presented. Furthermore, since all interest and other charges have been paid by the Company, the entire transaction has not cost the Dominion Government one cent. The loan originally carried an interest rate of five per cent, but later this was reduced to four and a half per cent. New loans raised by the Company to pay this off were made at a still lower rate of interest.

"no," you will be asked whether it was because of: (a) no job, (b) lay-off, (c) strike or lock-out, (d) sickness, (e) accident, (f) holiday, (g) other reason.

23. If you were not at work on June 1, give the number of weeks since last employed.

24. If you have a job, you will be

asked to state whether it is full time or part time, or whether it is a relief job.

25. You will also be asked the number of weeks you have worked during the last twelve months prior to June 1, 1936, including holidays with pay, and your total earnings during the same period.

## Facing a Big Deficit

The discovery that the operations of the Federal government for the fiscal year ending March 31, 1936, resulted in a deficit of approximately \$162,000,000, as announced by Hon. Chas. A. Dunning in the recent budget speech in the House of Commons has come as a considerable shock to a large percentage of the Canadian people who must pay the piper.

The shock is not assuaged at all by the additional announcement that the increase in the sales tax from six to eight per cent. which the government decided to levy will not be a heavy enough impost to enable the government to balance the budget for the current fiscal year and that, on the other hand, the best that can be expected from this and other minor levies is a deficit of something less than \$100,000,000 for this year.

Not much is to be gained by any attempt to lay the blame for this enormous deficit at the door of any particular administration. Doubtless politicians within the fold of the two major political parties will rise up and assert that the other party is at fault, in the one case the former regime and in the other the present administration, while adherents of other parties, who have not yet been given an opportunity to demonstrate their ability to govern the country, will declare that the economic system is to be blamed.

The fact remains that there is a shortage of \$162,000,000 as the difference between governmental income and outgo which has to be made up by approximately 10,000,000 people and the same number of people are apparently likely to have to make up another \$100,000,000 or a little less next year. The money must come out of the pockets of these ten million Canadians and apparently the only way to get it is by increasing taxation in some form or another.

The government has decided that the loss is to be made up partially by an additional levy of two per cent. in the form of sales tax, which means by the extraction of another two cents on every dollar spent by the consumers of practically everything manufactured and produced in Canada. Hon. Mr. Dunning stated that by this means the government is placing the burden on "rich and poor alike." Whether it will work out that way in actual practice, it is almost impossible to say at this stage, whatever the intention may be.

It is axiomatic that in the final analysis the consumer must and does foot the country's tax bill, and it is a matter of history that sometimes business not only collects the tax from the consumer but a little bit more by adding a small profit on the tax as well as on the cost of the goods and the cost of their distribution. In this way a tax sometimes becomes pyramided by the time the goods on which they are levied reach the consumer.

The present system of collection makes this kind of thing possible and it is to be hoped that the government will take such measures as are necessary to see that the consumer is not forced to pay an additional tribute to retailers, jobbers, wholesalers and manufacturers, or any of them as a result of the increase in the sales tax.

For any government, of course, a sales tax or an increase in sales tax, is one of the easiest ways of securing revenue from its subjects. Within a couple of months people will have forgotten about the budget and that they are paying another two per cent. towards governmental administration on practically everything they buy, because it is a hidden impost.

In this connection there would seem to be some merit in the sales tax system in vogue in the State of Oklahoma where the tax is collected by the retailer and where the retailer is required to show on his bill to the customer the price of the article and the amount collected in tax as a separate item.

This system, while unquestionably irksome and cumbersome to the retailer, at least has the advantage of making the consumer "tax conscious" in the same way as has a direct income tax. Every time he makes a purchase from a nickel upward he is made to realize that he is making a contribution to the government and the amount he is contributing. If this system were in effect throughout Canada, no doubt it would result in greater pressure being brought to bear on the government to economize and might act as a deterrent in the number of requests made to the government for expenditures which might be avoided.

There are, on the other hand, some very potent arguments against the adoption of such a system of tax levy and collection. It would often result, no doubt, in efforts on the part of consumers to induce the retailers to absorb the tax and where competition is keen might result in injustice to the merchants. In addition to which, the time that this method of billing and collection would require, would no doubt, entail extra cost to the merchant which, under present conditions, he could ill afford.

## Sounds Like Good Idea

Children in England Learning Problems Of British Railways

"Great Britain is the only country which trains its children in modern transportation," says T. B. Dester, of the Associated British Railways, in discussing a nation-wide educational program for children recently started.

"Not satisfied with mere rapid mechanical development, the heads of British railways have realized that, in the long run, the position of the road depends directly upon public understanding of rail transport problems. Realizing that transport is for the ages and not merely for the adults of to-day, they have begun to teach the children the fundamental facts of railroading, and are conducting series of nation-wide demonstrations for school children. Over 40,000 children have attended these. Instruction in every branch of railroading, from locomotive driving to signal systems, is given to children by competent instructors, on special demonstration cars which are routed throughout the country.

"The eventual result, it is believed, will be a sympathetic understanding by the whole people of the Empire's railroad problems."

Glass dating back to 1400 B.C. has been found in ancient Egyptian tombs.

## HOW'S YOUR BLOOD?

YOU lose vital nerve force if you allow your stomach to distress you. When nervous and rundown and in need of a tonic—when your weight is below normal, and you feel tired-out and weak, follow the advice of the famous Dr. Williams' Pink Pills. It is a truly down-to-earth condition when the stomach is out of order and no appetite and bad humors are the result. Dr. Williams' Pink Pills for Pale People is the tonic that has helped thousands of people clear up their blood and get their weight and vitality back.

## Temple To The Sun

Building in England To Have 7,500 Feet Of Gardens

A temple to the sun with 7,500 square feet of hanging gardens, rising in England in the midst of one of South Hackney's most populous districts.

It is an experiment by the Bethel Green and East London Housing Association in which housing experts, builders and architects have worked together to evolve the "sun and air home" of the future.

"We were faced with the problem of making the flats as much like houses as possible," the architect, J. E. M. Macgregor, and so we provided each flat with its own private garden on the same level."

The first section of the "sun temple," containing 16 flats, each with a minimum of 200 square feet of hanging garden open to the sky will be completed in the near future. Even on a dark day the building, with its yellow brick walls and red tile roof, suggests sunshine.

To make the gardens possible a new kind of building of pyramid shape was devised, the flats being built in receding steps around a covered hall. This hall will be let as a market.

It is one of the first buildings in the world to be built on the cantilever system.

## Received An Answer

"Good gracious!" shouted the schoolmaster. "I ask you the simple question, 'what is a fortification?' and get no answer!"

The scholars stared, but no one answered. The master tried again. Pointing to the boy at the bottom of the class, he demanded, "Tell me, what is a fortification?"

"Two twenty-fortifications, six," came the answer.

The local church of Hampton Wick, England, serves boiled eggs, butter, rolls, marmalade, and tea free to all who attend Sunday morning services. The vicar originated the idea and foots the bill.

**Iron the Easy Way**  
Coleman  
IRON

**Why You Should Have It**

1. Costs only \$40 an hour to use
2. Labels instantly
3. Irons in a few seconds
4. Quickly ready for use
5. Malicious even heat
6. House on the spot and ready to use
7. Irons with least effort
8. Saves 16 ironing time
9. No fuss to build
10. No extra to carry

**Price as Low as \$5.95!**  
Now you can have it for less than the cost of a single iron. The Coleman Iron is a simple, easy to use, and efficient ironing machine. It is the only ironing machine that is so simple and so efficient. It is the only ironing machine that is so simple and so efficient. It is the only ironing machine that is so simple and so efficient.

## Reduction in Insurance Rates

Hudson Bay Route Season Has Also Been Extended

Marine insurance rates on the Hudson Bay route have been reduced for the coming year and the season extended eight days, Railway Minister Howse announced in the House of Commons.

The season this year will last from Aug. 5 to Oct. 10 before surcharges are added to marine insurance. The season last year was from Aug. 10 to Oct. 7.

The earlier date of opening is justified by the provision that no ship must pass Cape Chidley, Inland to Churchill, until the government ice breaker, the N. B. McLean, gives the word. Cape Chidley is at the eastern end of the strait.

The reduction in insurance rates applies only to hulls and machinery and does not apply to cargo. It is a premium charged by marine underwriters over and above the year round insurance carried by vessels. The year round rate covers them against accident on all trade routes of the world except a selected few. Before a vessel may enter these special trade routes, a premium has to be paid. The Hudson Bay route is one of these routes and the premium to be paid has now been reduced to 25 per cent.

The reduction of insurance rates amounts to 25 per cent. A vessel of 5,000 tons, valued at \$250,000 equipped with Gyro compass, will pay \$625 per round trip. The same boat in 1933 paid \$1,500; 1934, \$1,250; 1935, \$937. If not equipped with Gyro compass, the boat would have paid \$1,750 in 1933; \$1,500 in 1934; \$1,125 in 1935 and \$843 in 1936. Reductions resulted from representations to the Imperial Shipping Commission in London.

## Sound Financial Policies

Secret Of Britain's Success Opinion Of Former High Commissioner

Sound financial policies adopted three years ago are responsible for Great Britain's "muddling through" recent trade crises to world leadership in the opinion of C. Howard Ferguson, recent Canadian High Commissioner to London and former Premier of Ontario.

Mr. Ferguson, who arrived at San Francisco on the last lap of a world cruise which took him to all parts of the British Empire, declared the activity of the Mother Country was reflected in all parts of the Empire.

"There are no other countries in the world where business is as good. Great Britain leads, and Canada and South Africa run her a close second," he said.

One of the reasons for farm failures in Canada, Mr. Ferguson believes, was the cultivation of too much ground. His 35-acre farm near Ottawa had paid him a net profit of \$1,000 per year for the past 20 years.

## A Knight Of St. George

Duke Of Kent Is Now Member Of The Order

Although St. George's Day received no general commemoration in London, special significance attached to the annual service of the Order of St. Michael and St. George held at St. Paul's Cathedral.

The Duke of Kent, appointed a Knight of the Garter Cross last year, wore for the first time the rich mantle of Saxon blue with the elaborate collar and chain over his naval uniform. The procession to the high altar consisted of other high officers richly apparelled.

In the chapel of the order, which is part of the cathedral, the Duke of Kent's banner was ceremonially hung, and the banners of those knights who had died during the year were taken down.

That Iceland may serve as an air base for trans-Atlantic planes flying between Europe and America is foreseen by Iceland's minister of education.

## Must Lower Trade Barriers

Revival Of World Trade Necessary To Halt Economic Distress

Declaring there is a "rising danger of a catastrophic world war, U.S. Secretary Hull at Washington, attacked what he termed the "supreme folly" of "excessive" trade barriers.

A revival of world trade through a lowering of such barriers is necessary to halt the "virulent disease" of economic distress, social unrest, dictatorships and war, Hull declared in a speech prepared for delivery to the closing session of the chamber of commerce of the United States.

"Only as the world's economic health is restored will individuals and nations develop again adequate resistance to the psychological madness that makes possible internal and external strife," the secretary of state said.

Describing the new reciprocal trade policy, Hull said that if it were scrapped, the United States would take a "fatal" step backward.

## SELECTED RECIPES

ICE BOX NEAPOLITAN COOKIES

- 1/2 cup butter
- 1/2 cup white sugar
- 1 egg yolk
- 3 tablespoons milk
- 1 1/4 cups Purity Flour
- 1 teaspoon baking powder
- 1/2 teaspoon salt
- 1 ounce grated chocolate
- Vegetable coloring

Method: 1. Cream butter and add sugar gradually. 2. Add unbeaten egg yolk and beat mixture well. 3. Add milk and flour sifted with baking powder and salt. 4. Divide mixture into three parts. 5. Roll out each part on slightly floured board. 6. To the second part add chocolate, melted; roll this out on top of first rolled part. 7. To the third part add a few drops of pink, green or any other vegetable coloring and roll it out on the chocolate part; roll all three together as you would a jelly roll. 8. Place in ice box overnight. 9. Slice thinly and bake in moderate oven of 350 degrees for 10 minutes. (Two parts may be used instead of three, if desired.)

## Weather Expert Retires

F. Napier Denison Relinquishes Post At Victoria

F. Napier Denison, who studied the earth's phenomena from Gonzales Hill observatory for 48 years, has retired from his post as superintendent of the Dominion government meteorological bureau at Victoria.

As he left his office in the dome-shaped, Gonzales observatory, relinquishing his position of close to half a century to W. A. Thorn of Toronto, Mr. Denison said he was not through with scientific research.

During the years he has been in the government's meteorological service, Mr. Denison has been interested chiefly in tracing the world's earth tremors. He is known well across the Dominion and on the Pacific coast as an expert weather observer.

## Another Great Ship Scrapped

French Liner Once As Famous As New Queen Mary

Less than 24 hours after the Queen Mary had made her triumphant passage down the Clyde another great ship was dragged ignominiously up the channel, stern first, to end her days in the shipbreakers' yard. She was the 42,000-ton liner l'Atlantique which was once to the French just what the Queen Mary is to the British people to-day, and which was burned in the English Channel several years ago. Over 100 men were killed for about a year on breaking her up.

The tusks of elephants are regular teeth and are not shed.

A judge recently told a woman to speak just as if she were at home. The case is still proceeding.

Manitoba's honey production in 1935 exceeded five million pounds. There were more than 3,300 apiarists with 51,416 hives of bees.

## It's a Hit!

A joy-drive—right where it counts in smoking pleasure! Yes, sir—that's what Ogden's Fine Cut gives you every time it steps up to a light. Satisfying! Man, a homer in the ninth with the bases full has nothing on Ogden's Fine Cut. And now that times are better, Ogden's with "Chanteclair" or "Vogue" papers, is the team to bank on for full enjoyment in rolling-your-own. The purple easy-opening ribbon on each package is mighty handy for removing the cellophane wrapper.

## OGDEN'S FINE CUT

P.S.—Your Pipe knows Ogden's Cut Plug.

## Divided By Chalk Line

Brothers Lived In Room Like Hermits For 82 Years

Death has separated two brothers, whose hermit-like existence in the hills in New York State had been divided by a chalk-line for 82 years. George Washington Coleman, 79, said he would "carry on" in the little cabin of Bakers Guich where James Philatus Coleman, 81, died of pneumonia.

For more than half a century the two brothers had lived in the little cabin as veritable strangers, a chalk-line through the centre of their one-room marking the boundary of their individual domains.

## Long School Vacations

School vacations in Spain are the longest in Europe, namely 122 days; those of Holland, Germany, Denmark and Italy the shortest, the Dutch pupils having from 43 to 51 days, the German from 31 to 45 days, the Danish and Italian, 45 days.

There are taste buds up and down the barrels, or "whiskers," of a catfish and similar buds over the larger part of its body and this fish can taste foods brought in contact with it on all sides at once.

A judge recently told a woman to speak just as if she were at home. The case is still proceeding.

Manitoba's honey production in 1935 exceeded five million pounds. There were more than 3,300 apiarists with 51,416 hives of bees.

**ONLY APPLEFORDS OFFER YOU THE CONVENIENCE OF THIS EXCLUSIVE KNIFE EDGE THAT MAKES IT EASY TO TEAR OFF THE EXACT LENGTH REQUIRED.**

**Appleford's Para-Sani**

HEAVY WAXED PAPER

Warehouses at Calgary, Edmonton, Regina and Winnipeg

## BRITAIN FAVORS THE CONTINUANCE OF SANCTIONS

London.—The British government favors continuance of sanctions against Italy for the present, it was understood in informed quarters, but it was considered doubtful that the government would be prepared to continue sanctions indefinitely as urged by General J. C. Smuts in an interview at Cape Town.

It was believed here no country would be prepared to take the onus of demanding the immediate raising of sanctions.

The diplomatic situation would be eased, it was stated, were Italy to adopt the face-saving arrangement of placing a puppet emperor on the Ethiopian throne. The situation would be further improved were Italy prepared to negotiate on the basis of the 1935 treaty defining spheres of influence in Ethiopia among Britain, France and Italy.

Premier Mussolini has made a number of press statements indicating he is ready to recognize British interests in the Lake Tana region but since the collapse of Ethiopian resistance the British and Italian governments have had no exchange of views.

The situation was debated in the house of lords when Lord Ponsonby, Labor, put a question to the government asking whether it was making preparations for a treaty revision of the system of collective security in view of the recent experiences. He said he hoped the government would decide that Article XVII of the league covenant must go.

"I am absolutely sick of the phrase 'collective security,' the Labor peer said. "It has been shown to be neither collective nor security."

In the House of Commons the opposition Liberals tabled a motion urging the government to take the lead at Geneva in "advocating the maintenance and intensification of sanctions until a settlement of the Italo-Abyssinian dispute is reached in accordance with the principles of the covenant."

## Member In Good Standing

Canada's Fees To League Are Fully Paid Up

Ottawa.—Canada is a fully paid up member of the League of Nations because since 1920 the Dominion has paid in fees and other expenses incidental upon its league membership \$4,216,045.98, according to a return tabled in the House of Commons. The expenditures cover maintenance of an advisory office at Geneva, expenses of delegates to league assemblies, international labor conference and other parleys.

## Flight Around The World

Mollison Plan To Follow The Equator In Trip This Summer

London.—Captain James Mollison announced that he and his wife had completed plans for a flight around the world this summer, following the equator. It would be the first flight of its kind.

"We should not attempt it if we did not think we could do it," Mollison said. "It should take something up to but not exceeding three weeks."

## Crown In London Bank

London.—The crown of Ethiopia and other imperial insignia are in the vaults of a London bank. The imperial possessions were brought secretly to London when the Italian advance in Ethiopia began to threaten Addis Ababa. The crown is made of gold. Immensely heavy, it is priceless and surmounted with a large cross.

## Rescue Workers Fund

Halifax.—Rescue workers who burrowed through the perils of the long doused Reynolds slope to reach Dr. D. E. Robertson and Alfred Readling of Toronto in their tomb 141 feet below the earth, will receive the largest awards from the Moose River mine rescue fund, it was learned here.

## Confer Degrees

Vancouver.—Honorary LL.D. degrees were conferred on Sir Ernest MacMillan, principal of the Toronto Conservatory of Music, and Dr. Harold Hibbert, professor of cellulose and industrial chemistry, at a special consecration of the University of British Columbia.

## Stand Behind League

Premier Hertzog Says Sanctions Must Be Continued

Cape Town.—"If the league is to do its duty it must maintain and continue sanctions, if necessary for years," declared Prime Minister J. B. M. Hertzog in a debate on the Italo-Ethiopian situation in the house of assembly.

"If that is done Italy will be compelled eventually to give in," the prime minister said. "We must be certain if the league proposes not to continue sanctions. If that happens the league will be dead. No country would desire to continue a member of a league that had proved a broken reed. Within a few days we should know whether the league is dead or not."

The South African representative at Geneva will be instructed to support "to the utmost, any measure necessary to preserve the league's prestige," General Hertzog told the assembly.

He concluded by declaring it would be "desirable to request the British and other members of the British commonwealth of nations in regard to South African defence."

Outside the assembly, Deputy Prime Minister J. C. Smuts, in an interview, declared "either member nations must now stand by the league to the utmost or the league will go down before the Italian attack and the world will be confronted with the alternatives which faced it before the Great War."

General Smuts said he was for doing the "straight thing, namely standing loyally behind the league until Italy is compelled to make peace within the terms of the covenant."

## Fatally Wounded In Riot

British Doctor Shot While Trying To Rescue Ethiopians

London.—Dr. A. J. Melly, chief of the ambulance corps of the British Red Cross unit in Ethiopia, died in Addis Ababa from wounds received during rescue work in the recent rioting.

His gallant attempt to succor a wounded Ethiopian during an exchange of shots on the principal streets of the capital caused Dr. Melly's death. Driving by in an automobile, he stopped to pick up the wounded man, and while doing so was shot in the chest by another native.

He was brought to the British legation, but failed to respond to medical treatment.

A sister lives at Calgary, where he visited occasionally.

## To Tour America

2,000 Britains Will Use Automobiles In Sight-Seeing Trip

New York.—At least 2,000 Britons will see North America first this summer in their own automobiles, according to Graham Lyon, a member of the special railway committee of the Junior Car Club of England.

Lyon departed from the liner Berengaria and said the first contingent of British motorists would arrive with their cars on the Queen Mary's maiden trip, scheduled to land at New York, July 27. After a motor tour of the United States, with stops at Washington and Detroit, the group is to embark for home at Montreal.

## Urges Monopoly On Arms

Lloyd George Thinks Government Should Control Manufacture

London.—A strong plea for government monopoly of the manufacture of arms was made here by David Lloyd George, veteran former Liberal leader.

Testifying before the arms inquiry commission, Mr. Lloyd George declared such a monopoly would avoid "the creation of powerful vested interests, whose prosperity depends upon war."

## Seek Rare Specimen

Winnipeg.—To capture one of nature's rarities, a glacial bear, was the subject of three young naturalists who were bound for isolated St. Elias in Alaska. Headed by J. Fletcher of Toronto, a three-man expedition from the Royal Ontario Museum left after completing their equipment during a stay of several days.

## Across Atlantic In Autogyro

Madrid.—The Spanish aviator Ruiz Bercochea announced here he soon will attempt to fly across the south Atlantic in an autogyro. If successful he will fly to North America.

## ANTHONY EDEN DEFENDS BRITAIN AND THE LEAGUE

London.—Anthony Eden, foreign secretary, told a crowded House of Commons the League of Nations "must go on" but at the same time he said there must be a "stock-taking" by the league on the basis of the lessons learned in the failure of the league to halt the Italo-Ethiopian war.

Eden also told the house the government is to consult the dominions on "the problems involved" in Italy's conquest of Ethiopia.

Eden made no effort to conceal his disappointment over failure of the League of Nations to end the Italo-Ethiopian war as he addressed the crowded lower house.

But he declared in firm tones: "The League of Nations must go on."

For hours he had been the subject of a bitter attack by Hugh Dalton, parliamentary under-secretary of state for foreign affairs in the last Labor government.

Dalton charged the government with having failed to carry out its obligations under the covenant; with having encouraged the Ethiopians to resist in the belief the league would help them and then left the Ethiopians to their fate.

Dalton was particularly aggressive regarding the supply of British oil to Italians. By the supply of oil the government profited through its shareholdings in the Anglo-Iranian Oil Company. Through the use of that oil, the Italians were able to employ mustard gas.

Eden denied the charges with a sharp retort. He asserted all through the early days the British government had striven to effect conciliation. It was not true Britain had let the league down.

There were only three great powers in the league. Of these only two, Britain and France, were Mediterranean powers. Therefore upon them must have fallen the major risk. There could be no question that Britain had taken the lead at Geneva.

Before the dispute the percentage of oil supplied to Italy by British companies was only about 13 per cent. of the total Italy received. Eden thought that last year it had been on the course of the dispute?

From the outset Britain had taken the view that action must be collective. The sanctions adopted were for a deliberate purpose: They were on commodities under control of the league countries. Their weakness was that they could not immediately be effective.

The only sanction that could be immediately effective was to close the Suez canal.

"That," Eden continued, "must inevitably have entailed military sanctions and military sanctions in my judgment inevitably lead to war."

## Flax Association

Winnipeg.—To aid in the production and marketing of flax, the Canadian Flax Association has been formed here. Many prominent members of the Winnipeg Grain Exchange joined the new organization.

## President Roosevelt's Visit

Ottawa.—Premier Mackenzie King told the House of Commons he hoped President Roosevelt would visit Ottawa this summer.

## NAMESAKES AT CHURCH GATHERINGS

Rev. E. A. Archibald (left) of Grand Falls, N.B., president of the Maritime Conference, and Rev. A. D. Archibald (right) of Vancouver, B.C., ex-president of the British Columbia Conference of the United Church of Canada, were re-united recently in Toronto when attending important church committees. Distantly related, these namesakes entered Pine Hill College at Halifax together, and became known as "the heavenly twins."

## FUNDS RESTORED

Right Rev. J. C. Roper, Lord Archbishop of Ottawa, who presided at the meeting of the Anglican Synod of the Ottawa Diocese, and informed the Synod that all funds originally lost in Western Canada in 1933 had now been restored.

## New Investigation

Probe Mysterious Disappearance Of Ambrose Small, 17 Years Ago

Toronto.—A new investigation pertaining to the mysterious disappearance of Ambrose Small 17 years ago was under way by police at the instigation of Attorney-General Arthur Roebuck.

Renewal of active police work followed the filing of affidavits by Paul Hinds purporting to shed new light on the disappearance of the millionaire theatrical owner. The affidavits were in support of a motion asking an injunction against the estate of the late Mrs. Ambrose Small restraining distribution of the estate's assets.

After hearing the nature of the documents, Mr. Roebuck ordered the Osogode hall offices be kept open and instructed Major-General Victor Williams, provincial police commissioner, to begin an immediate investigation.

## Royal Mint Busy

Turning Out 5,000 Silver Dollars Daily Says Finance Minister

Ottawa.—The royal Canadian mint is minting 5,000 silver dollars daily, half its capacity, Finance Minister Dunning told Tom Reid (Lib. New Westminster) in the House of Commons.

Mr. Reid had asked what arrangements had been made either by the Bank of Canada or the Dominion government to meet "the heavy demand for silver dollars in British Columbia." Mr. Dunning said the coins were issued to meet requisitions of the chartered banks.

## Must Submit Plans

Before Work Can Proceed In Moose River Mine

Halifax.—Before Moose River gold mine may be worked again, Manager F. Henderson must submit his plans to the Nova Scotia mines department in a formal application, Deputy Minister of Mines Norman McKenzie said.

Earlier Henderson said: "As far as I am concerned I shall continue operations unless the mines department steps in and stops me."

## Huge Sum For Defence

Australia Spending Fifty Times As Much As Canada

London.—Asked in the House of Commons whether any of the dominions were increasing their defences, Malcolm MacDonald, dominions secretary, referred to the increase of \$2,500,000 in the Canadian defence estimates. He said he understood some further increased provision for the air force might be made.

Australia, the dominions secretary added, was engaged in a three-year defence program costing £20,000,000 (Australian). South African defence plans had recently been announced at Cape Town. He said the Australian expenditure was mainly on naval armaments, while the greater part of the South African program was to be devoted to air force expansion.

## C.P.R. Directors

Sir Edward Beatty Re-Elected President And Chairman

Montreal.—Sir Edward Beatty was re-elected president and chairman of the board at the annual meeting here of the Canadian Pacific Railway Company. D. C. Coleman was named vice-president.

Re-elected to the board of directors were J. Coleman, John W. Hobbs, H. S. McLaughlin, Sir Edward Peacock and W. N. Tilley, while the executive committee will be composed of Sir Edward Beatty, Mr. Coleman, Sir Herbert S. Holt, Mr. Tilley, Sir Charles Gordon and Ross McMaster.

## WAR PRISONERS ARE ASKING FOR CONSIDERATION

Ottawa.—Opportunity to appeal from previous decisions of the reparations commission, so far as these concerned claims of ex-prisoners of war, together with a request that those whose cases had not yet been heard be now given the chance to present them, was urged on the common-pension committee by H. S. Stone on behalf of the ex-prisoners of War Association.

Mr. Stone painted some harrowing pictures of the brutality with which captives were treated by the former enemy and of the purposes which prompted German military authorities to beat down the resistance particularly of British prisoners.

"We were proud," said Mr. Stone, "who had already told the committee he himself was wounded and captured at Sanctuary Wood in June, 1918. 'That pride was galling to the Germans, for it affected the morale of the German civilians. They wanted to impress on the civilian population that the British spirit was low and that England was starving.'"

"To prove the contrary—even if it was our last tin—we would eat our bully beef in front of them. We would dress in our best clothes and show them the wool they were made of. We tried to prove they would not break our morale. They would ask us how long the war was going to last. We always replied 'three years.' 'I'll take three years to lick you,' we told them, 'and when you're licked you'll get a good one.'"

The burden of the ex-prisoner's complaint was that of \$26,672.46 in reparations money received by Canada from Germany only \$5,000,000 had been distributed and of that only two per cent. had been disbursed as reparations to ex-prisoners of war.

He complained that the three commissioners who had successfully dealt with reparations claims had not established their findings on an equitable basis. The Pugsley committee had awarded eight prisoners an aggregate of \$35,000 but the commission headed by Errol J. McDougall had awarded 132 men only \$85,000.

A total of 5,000 Canadians had been taken prisoners, or about one per cent. of the men who saw service in France. But only 3,500 had returned from Germany alive. This, said Mr. Stone, was in itself prima facie evidence of mal-treatment and mal-nutrition. Mortality among ex-prisoners was high. Now the numbers in Canada were between 1,000 and 1,500.

Mr. Stone believed there were \$18,000,000 of the reparations money not yet disbursed but on suggestion of the chairman, J. T. Thomson (Lib. Selkirk), he amended the figure and substituted for it "several millions of dollars."

## SUSPICION IN GERMANY OVER BRITAIN'S REPLY

Berlin.—The German foreign office, studying a British questionnaire on Chancellor Hitler's suggestions for European peace, expressed surprise and suspicion over the absence of queries on Rhineland fortifications.

The questionnaire, prepared by the British government on behalf of the remaining Locarno powers, was handed to the German government.

Although the complicated document contained a broad inquiry into Der Fuehrer's April 1 proposals together with a request for a more precise statement on Germany's colonial demands, the questionnaire dropped completely all interrogations on German forts in the re-occupied Rhine zone.

"Hitler proposed, as a counter-suggestion to the Locarno accord, establishment of a three-man international commission to supervise the Rhineland during a four-month 'armistice' period during which peace negotiations would be carried on.

The commission would have one English and one member who would name the third. Germany would agree not to increase her forces in the reoccupied territory, but France and Belgium would also have to make the same guaranty.

The problem of fortifications with British and French answers over what the chancellor intended to do in the Rhineland was once considered as the backbone of the questions formulated by Anthony Eden, British foreign secretary.

The Wilhelmstrasse therefore, reliable sources said, was searching for a reason why this question was eliminated and was inclined to take a pessimistic view that something lay behind the move which might not prove too good for Germany.

The government suspected that the French and the British may be contemplating re-erecting the Straits front with Italy, a spokesman declared, and so will let the Rhineland fortifications question rest until Germany begins to erect barricades.

## Plot Is Suspected

Says Public Mind Poisoned Against The C.N.R.

Ottawa.—The public mind is being poisoned against the Canadian National Railways, Hon. H. H. Stevens was quoted as saying in the House of Commons and he wondered if some gigantic plot was afoot to hand over the system to private hands at a fraction of its cost.

The man who led the Reconstruction forces in the general election but succeeded in electing only himself provided the highlights of the budget debate. He presented a 12-point recovery program to the government.

Mr. Stevens said he could not support the C.C.F. budget amendment because of its suggestion of a capital levy which was Socialism. There was plenty of room for progressive and even radical action without resorting to Socialism.

## Shakespeare Dedication

Stratford-On-Avon.—Earth from the garden of William Shakespeare, and water from the Avon river were shipped to the United States for the new Globe theatre at Dallas, Texas, dedicated to the bard's works. The earth and water will be used in the dedication of the new playhouse.

## Bridge To Be Returned

Edmonton.—Found undamaged at Shandro's ferry, 100 miles down the North Saskatchewan river from its foundation at Edmonton, a creek bridge will be dismantled, loaded by truck to Edmonton and put back in its former position, city engineers decided.

## Contribution From Scotland

Toronto.—A contribution of \$1 was received from Glasgow, Scotland, for the Moose River rescuers' fund. The contributor, George Munn, sent it to Lord Tweedsmuir, governor-general, whose secretary forwarded it to the Red Cross in Toronto. Total of the fund now stands at \$67,152.05.

## Not Out For Record

London.—The Queen Mary will not attempt a record crossing on its maiden voyage to New York, Cunard-White Star line officials declared as final preparations for the giant liner's May 27 sailing neared completion.
